~All New.... Video Profile ~

A video profile is an excellent branding/marketing tool designed to promote your business and introduce you to prospective clients. The video profile is a cost-effective way to build awareness, separate yourself from your competition, elevate your professional profile and promote/grow your business. Save marketing dollars, shift from print media to the internet.

Deluxe Package \$599.95

- Provides a professionally produced high quality video up to 2 minutes long.
- On-location video shoot up to 2 hours with a professional videographer who will videotape your personal message and assist with script review
- Use professional high-end video equipment with a wireless microphone
- Includes basic title graphics, royalty free music & up to 5-10 images (you provide)
- Post production review and minor changes made at no charge
- Provide you with a finished video file that can be used for the top web video sites (such as YouTube) and your own website.
- We Can Host the Video Profile on our Reliable Ultra High Speed (100mps) Fiber Optic server in San Jose, CA for \$9.95 a month (it's mirrored and backed up daily)
